**Little Creek Casino**  
Win/Loss Statements can be 2 separate reports. One is based on your MVP/TLS Number. The second is based on your Keno Account number, and not on the MVP number. Patrons furnishing an incomplete list of TLS Card numbers will be given a Win/Loss Statement only for those accounts given. Little Creek Casino is not responsible for any personal tax computations. Little Creek Casino does not provide tax guidance or tax information. We thank you for your patronage through the past year and look forward to seeing you again this year.

Please use the back of this form if you need more room for TLS Card #'s. This form must be filled out in its entirety. This report will be completed as soon as possible and the patron will be notified when it is ready for pickup at the Casino Cage.
